Emergency Update #4

SCHOOLCHILDREN RETURN TO NaDEET CENTRE and RECONSTRUCTION RAPIDLY PROGRESSES

RECONSTRUCTION

On the 5 July reconstruction of the NaDEET Centre's main building commenced. Now two weeks later the main structure is nearing completion and by Friday this week the main wooden structure is to be finished. Then the 'inside' work remains. This includes the electricity, plumping, varnishing and shelving. In addition the roof must also still be painted to blend in with the rest of the Centre. We hope to be able to 'move in' on the 1 August to prepare for the group arriving a few days later.

NaDEET Centre with new building and temporary tented classroom

Frans Indongo Primary School learners with building team

SCHOOLCHILDREN RETURN

On 10 July St George's High School, our first group after the fire, arrived at NaDEET. The grade nine learners brought the large tent that we are using as a temporary classroom with them. Their first activity was to assist us in setting it up. Although it was quite cold and windy, the group enjoyed themselves and everything ran smoothly. Currently the grade 7 class from Dr. Frans Indongo Primary School is here for the week. One more group, Daweb JSS from Mal-tahöhe, will make use of the temporary classroom next week before we hope to move into the new main building. The groups have been very accommodating and have been able to otherwise participate in a relatively normal NaDEET programme.

Michaela Phemelo, NaDEET's assistant educator, teaching in temporary tented classroom

THANK YOU

Thank you again to all of our supporters in the past month! Without your help NaDEET's quick recovery would not be possible. We are very grateful for not only financial and in-kind donations, but also the moral support we have received.
