Story

Wake up, wake up, here's the  !

Out of  , the day's begun.

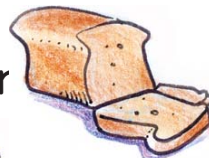

gives light and

gives heat

Helps us cook our

and

to help our

grow high.

Watch

move across the sky.

At

sets, the day is done

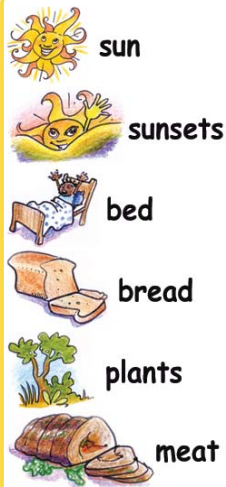

Thank you, thank you, thank you,

!

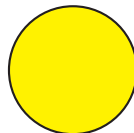

Ground squirrels are born blind, hairless and need help from their mother.

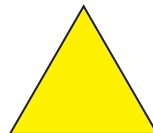

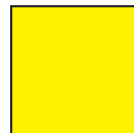

Shapes

Circle

Triangle

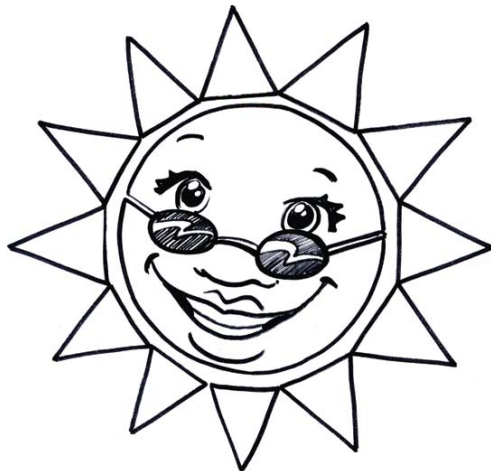

Square

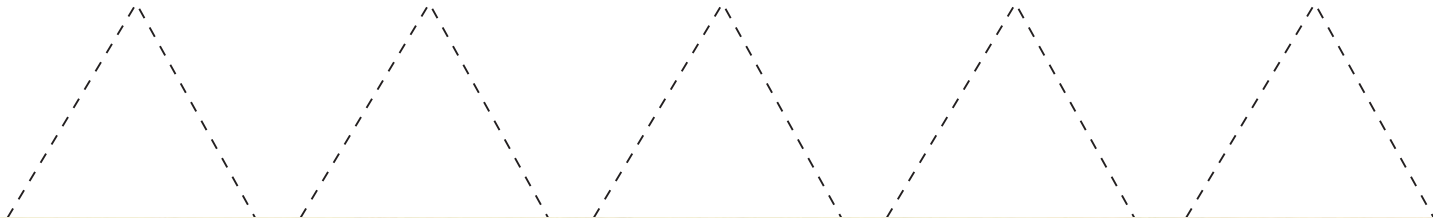

Rectangle

Colour in the **circle**
in the sun **yellow**:

Count the number of
triangles that make up
the sun's rays:

Trace the sun's rays:

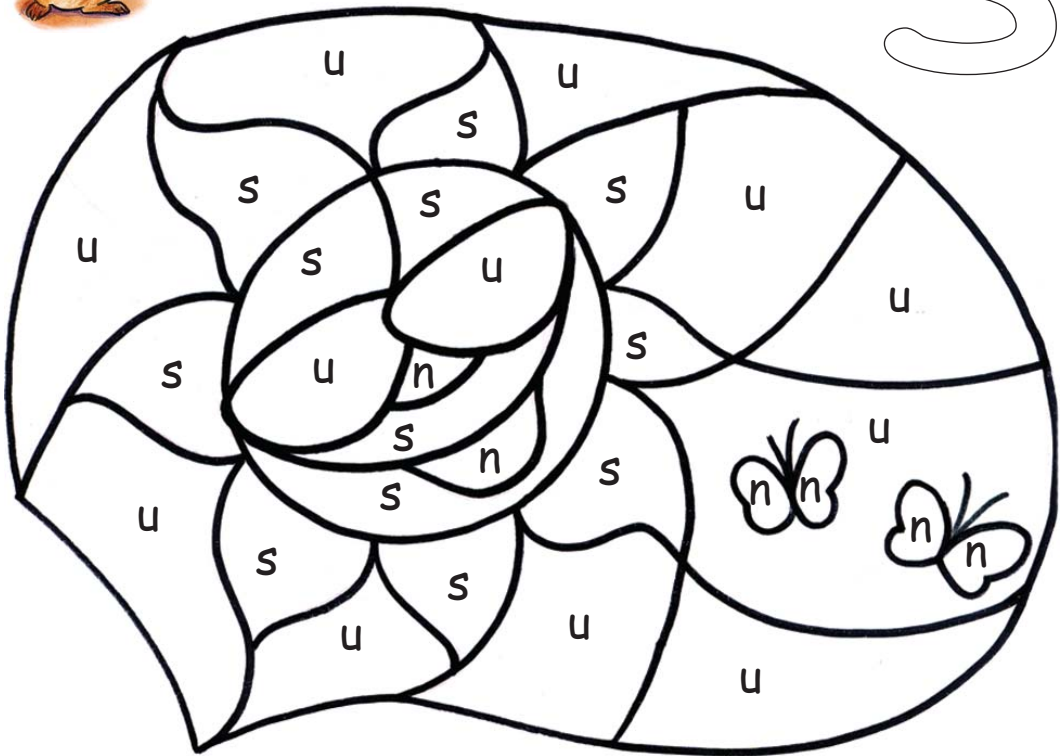

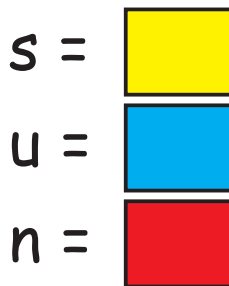

Letters

Trace the letters:

SUN

Colour in the spaces:

At about five weeks, ground squirrels open their eyes.

Find the differences

Find and circle the 6 differences in the two pictures.

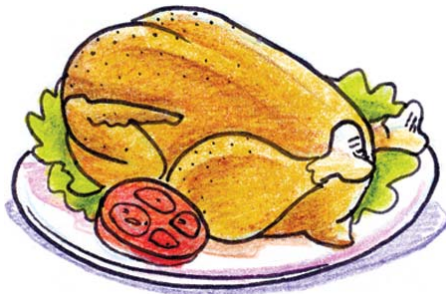

Now ground squirrels can go out of their burrow and shade themselves with their tail.

Senses

Circle things that you can **taste**:

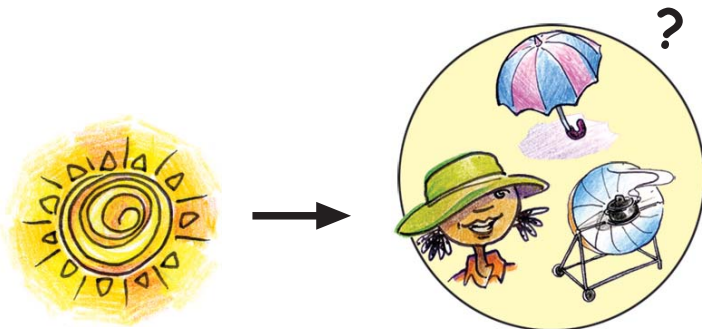

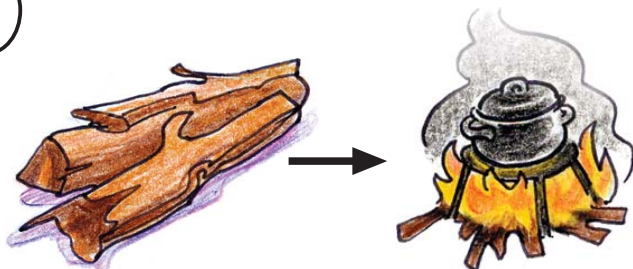

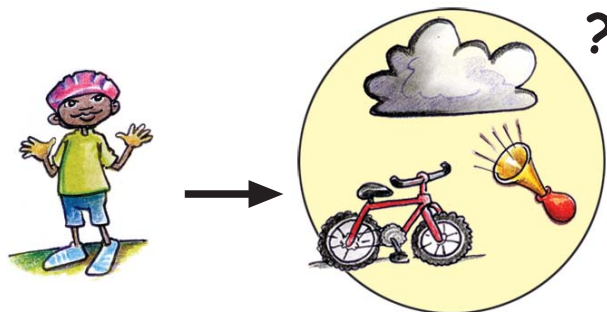

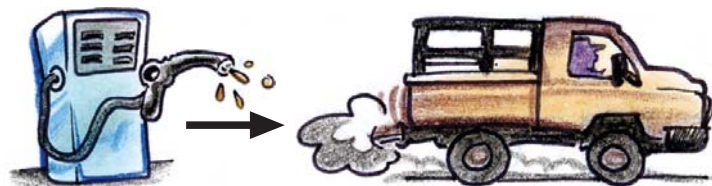

Relationships

Circle the picture that fits:

1

2

At this age, ground squirrels look for food to eat such as grasses, insects and fruits.

Ordering

The story must be put in the correct order.
Write in the number 1, 2 and 3.
The first picture in each story has been
done for you.

1

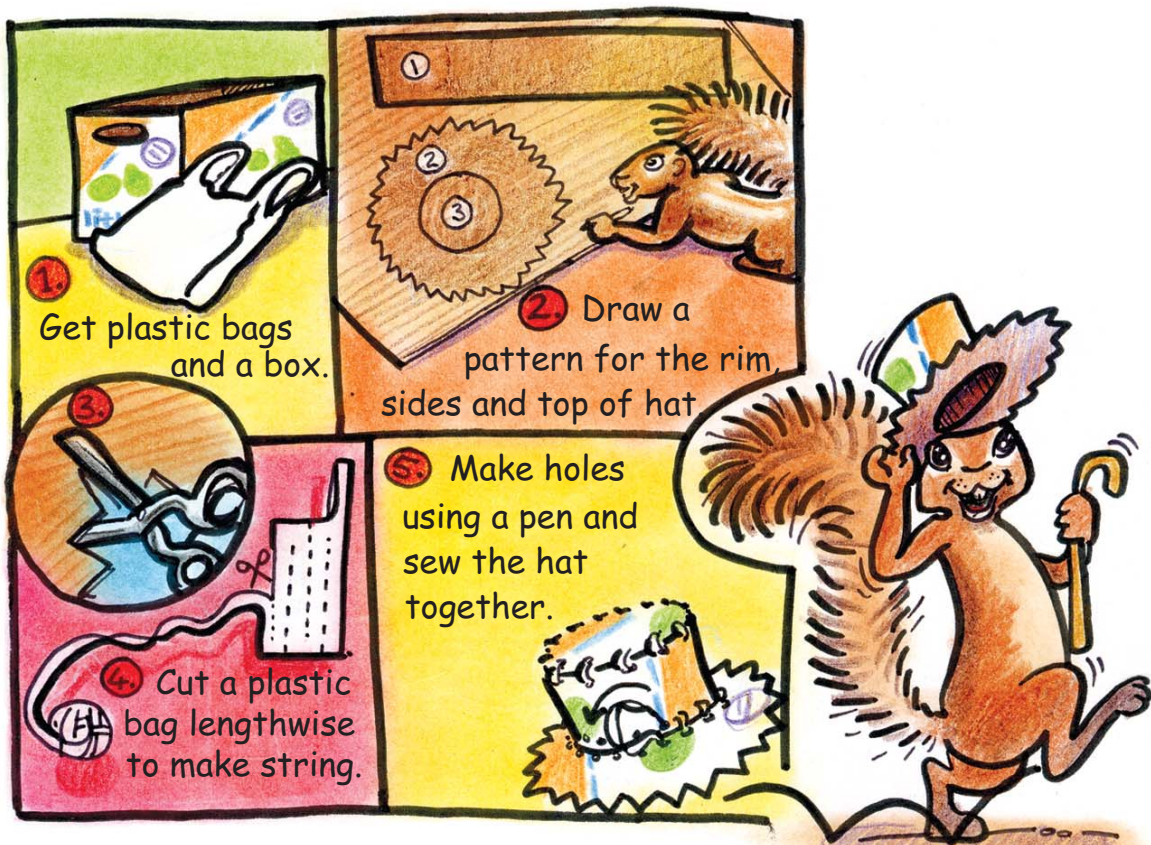

1

Arts + Crafts

Make a sun hat to protect yourself.

At about ten months, ground squirrels are already grown up.

Did you know that it
takes 8 seconds for
sunlight to reach the
Earth?

How fast are you?
Count how long it takes
you to run around the
outside of your house.
Go!
